1. Scope

Check subscription status, recurring charges, and cancellations. Not an API guide.
Menus follow HQ permissions. Buyer UI shows ICOPAY.

2. Sign-in

1) Sign in 2) Permitted menus 3) Language 4) Dashboard

3. Requirements

Subscription must be enabled and menus permitted. Ask HQ if missing.

4. Customer talking points

· Recurring charges by cycle
· Failed charges may need retry/card update
· Cancel per on-screen policy — do not change terms yourself

5. View history

Path: Payments → Subscription payment list (or Payment list)
Filter by date/status/subscription or order id.

6. Cancellations

Follow on-screen cancel if allowed, or escalate the subscription id to HQ.

7. Quick checks

· No menu → enablement/permissions
· Charge failed → fail reason / ask customer to update card

· Cancel request → on-screen or escalate

8. Daily checklist

1 Notices 2 Today subscription charges success/fail 3 Contact customers on failures 4 Process cancels / esc alate

9. Support

Ask HQ/distributor. Document version V2.64.
