1. Scope

Day-to-day guide for screens a **Merchant (MERCHANT)** login can open. Menus follow HQ Policy → Access. PG names stay neutralized as **ICOPAY**.

Channel details (URL / Split / Subscription / Chatbot) are covered in the matching merchant user manuals under Ops manuals.

2. Before You Start

Request from HQ: menu permissions, web-pay ON, company master data changes, fee/settlement policy.

3. **STEP 1** Sign-in & notices

Menu: Companies > Notices

Sign in → sidebar shows permitted menus only → read notices (fees, settlement, maintenance, web-pay suspend).

4. **STEP 2** Payment URL (View Only)

Menu: Company Management > My Company Info

```
https://api.icopay.co.kr/checkout/{merchantCode}
```

Copy Payment URL → share → self-test in browser. Re-pay / Chatbot / Split URLs appear only when enabled.

If web-pay is off or suspended, the URL may be missing or show a notice only.

5. **STEP 3** Payment list (View Only)

Menu: Payments > Payment list

- Filter by date/status/order id.
- Review approvals, failures, cancels, refunds.
- Escalate with order id · time · amount.

6. **STEP 4** Fees & settlement

Menu: Settlement > Fee list / Daily fees / Merchant settlement

Cross-check unexpected figures against Payment list; include settlement date and amount when asking HQ.

7. Merchant API & Chatbot

Merchant API portal (if permitted) uses ICOPAY unified checkout. Chatbot merchants: see Chatbot Merchant Manual.

8. Daily checklist

1. Notices
2. Payment URL test
3. Today/yesterday approvals & failures
4. Escalate spikes
5. Fee/settlement anomalies
6. Chatbot orders if used

9. FAQ

Q. Menu missing.

A. Ask HQ to open Access permissions for that URL.

Q. Payment URL missing / notice only.

A. Usually web-pay off or suspended — check notices and HQ.

Q. Document still shows V2.53.

A. Ops manuals ship with platform live V2.67. Hard-refresh or confirm deployment.
