5. STEP 3 — Contracts & installments
6. Relation to payment list
7. Daily checklist

1. What is Split Payment?

Customers apply on a **split-pay page**, then pay **by installment**. Merchants share the URL and monitor contracts.

- Merchant** → Copy & share Split-pay URL
- Customer** → Apply → pay installments
- Merchant** → Review Split management & payment list

Buyer UI shows **ICOPAY**. This manual excludes API specs.

2. Before You Start

Ask HQ to set merchant Split-pay = ON and open Split / Payment menus.

3. **STEP 1** Split-pay URL (View Only)

Menu: Company Management > My Company Info

```
https://api.icopay.co.kr/split-pay/{merchantCode}
```

4. **STEP 2** Share with customers

Send the URL via messenger/SMS/invoice. Do not invent installment rules outside HQ policy.

5. **STEP 3** Contracts & installments

Menu: Split management

- Review contracts, installment status, arrears.
 - Note contract id · installment · due date for support.
-

6. Relation to payment list

Each installment also appears in Payments. Check fail reasons and guide retry/card change.

7. Daily checklist

1. Notices
 2. Test Split URL
 3. New contracts / arrears
 4. Escalate spikes with ids
-

8. FAQ

Q. No Split URL/menu.

A. Request Split-pay ON and permissions from HQ.

Q. Installment failed.

A. Check fail reason; ask customer to retry or update card.
