1. What is Subscription Payment?

ICOPAY subscription (recurring) payment charges customers on an agreed cycle. Merchants review status, failures, and cancel requests.

Buyer UI shows **ICOPAY**. API specs are out of scope.

2. Before You Start

Ask HQ to enable subscription and open Subscription payment list permissions.

3. **STEP 1** Customer talking points

- Charges may recur by cycle.
- Failures may need retry / card update.
- Cancel only via on-screen / contract policy.

4. **STEP 2** View subscription history (View Only)

Menu: Payments > Subscription payment list

- Filter by date/status/subscription or order id.
- Note id · charge date · amount for support.

5. **STEP 3** Failures & cancellations

Case	Action
Charge failed	Check reason → guide card update/retry → escalate if needed
Cancel request	Follow on-screen cancel, or send subscription id to HQ

6. Daily checklist

1. Notices
 2. Today charges success/fail
 3. Contact customers on failures
 4. Process cancels
-

7. FAQ

Q. No subscription menu.

A. Request enablement and permissions from HQ.

Q. Charges keep failing.

A. Check fail reason; ask customer to update card; escalate repeats.
